	These heifers & calves were good to handle & assess, a couple stirred up slightly on the scales, but they settled quickly once back with the mob. They were very easy to walk around to take the photos & videos

Notable Traits	Traits 1 Head Pink eye scarring 1 eye only		
Assessor Comments	A Bdouble of well bred medium to large frame Angus Heifers & calves, the hard work is done and these young females will have a great career in front of them. They are not rejoined and were noted to have cycling behaviour at assessment. These heifers were sourced from two quality local herds, with Rosstrich & Dunoon bloodlines. These heifers were quiet to handle and the calves are all marked. Show them grass and a bull, and the rest will take care of itself!!
