Assessor Comments	Offering a genuine line of Wirruna Blood Hereford cows. This is a genuine dispersal sale of a long standing herd of cows going back many years. These cows are ranging from 3-4 years old and are PTIC to Wirruna Sport S206 (EBVS attached in media). The Aumann family have always put thought and effort into selecting their Bulls focusing on fertility, growth and temperament. These cattle are a pleasure to handle, lovely polite cows that walked slowly into the crush at assessment and never fussed. Vendor has always stayed consistent with ensuring all cows are sound and fertile. They had their calves weaned off just 6 weeks ago and they did an outstanding job of keeping them forward with growth and condition during a tough season. This is an honest line of cattle that present an excellent opportunity for someone looking to get a genuine line of Hereford cows. Please note vendor has another 2 lots in this sale total of 39 PTIC cows on offer.
