Assessor Comments	An outstanding run of Females offered by Kumara (SE) Pty Ltd. This is a genuine and a unique opportunity to secure an EU accredited breeding base with an excellent history of milk, growth, softness , type and proven calving ease. These future mothers are low birth weight and joined to the low birth weight Pathfinder Bulls. Derived from over a decade of meticulous bull selection from Pathfinder Angus. An emphasis on selecting bulls with performance above both the breed average annually, therefore cattle performing above the rest. Weaners out of the Kumara (SE) herd are highly sought after and come with my highest recommendation.
