Buyer these steers handled well on a frosty morning during the assessment, some steers became slightly stirred in the weigh box but settled once let go into the bigger yard with there companions.

Handled With	Bikes , Dogs
Assessor Comments	Buyers here is a tidy two deck line off backgrounder Droughtmaster cross steers. These steers stand on good bone length and depth and would be ideal to put on an oats crop and take onto heavier feeder weights. Steers are in good strong store condition with plenty of frame on offer with some compensatory weight gain available. Steers are all tidy around the heads being natural polled or dehorned. These steers are weaned and handled with most off the handling done by two people on a bike and with dogs. Please note these steers are located, 80 km south of Mitchell or 125 km north of St George.
