	Given they had only recently been drafted off their mothers these steers drafted and weighed very well.							
Notable Traits	Traits 2 Head Blight scarring							
Assessor Comments	Buyers this 2 deck consignment of great young cross bred steers are certainly worth considering. They have very strong repeat buyer competition when offered in Dalby Saleyards and also on Auctionsplus. These steers will grow out to very good 100 day export feeder steers and or through to grass fed bullocks. They are handled well by the vendors and will be ready to unload and walk away to their new paddock by time of delivery. They had a large curfew off feed and water prior to assessing. The heaviest of this draft had been missed in an earlier round, however slot neatly into the lead of this draft. They are HGP and chemical free. I highly recommend this draft of steers.
