	These cattle have had a lot of handling and are very good to work with, in the yards. An odd heifer will look for the gate , no aggression, Very well handled XB heifers

Assessor Comments	A good B deck of growthy Brangus types. These heifers have had a 6 week start onto oats and are healthy and ready to put weight on quickly, on either crop or grain. Please note the long curfew and the cattle looked quite empty at assessment. Good cattle to handle. Majority would make good cows in the future as well
