Assessor Comments	A nice line of 67 x Sep/ Oct 2023 Drop Poll Hereford Steers. Bred in the renowned Okeview program at Winderadeen, Collector. Steers are sired by leading Poll Hereford bulls from Cascade, Bowen and Tycolah. The steers are yard weaned and have recently had their booster 5 in 1, B12 and Cydectin Platinum. Absolutely quiet, the steers show length of body for their weight and age and should perform very well given the opportunity. Generally considered to be the younger calves in the drop, they generally present in fresh condition having been weaned and are starting to respond with the group gaining 600g/ day since weaning. Buyers please note: Okeview will offer another line of 75 x weaned heifers.
