Assessor Comments	A/c Brindstock Beef offer 90 quality weaned steers. These weaner calves are noted doing cattle which are extremely quiet and very well handled. Cattle are well educated from a respected and well known Upper Murray cow herd who have been using top genetics from Alpine Angus & Hazeldean for 15+ years. Bulls are selected for growth, birth weight and EMA/IMF traits with docility also being a key factor. Steers present in true store condition coming into the cooler months with calves showing their winter coats. Perfect cattle to take forward which will suit any grass or supplementary fed program of your choice. Please note that 20 - 25% of steers were viewed with light pink eye scarring. Greenham "Never Ever" Accredited.												
Assessor	William Jennings (Level 2 Accredited) Phone: 0447 766 503
