Assessor Comments	An impeccably bred line of Angus steers. Kilkenny Pastoral Company have invested heavily in top end genetics from Ardrossan with a strong focus on doing ability, temperament, growth and I.M.F. They were weaned in early April and have been running on short improved pasture supplemented with quality silage and hay. Recent health treatments include			

Eprinex and a 5 in 1 booster. This represents an opportunity to secure Angus genetics from the top shelf ! They come with my highest recommendation!
