Assessor Comments	A neat 3 decks of hereford santa x heifers/cows with calves at foot for sale. Units were purchased 4 months ago with the intention of weaning the calves and feedlotting the heifers/cows but due to unforeseen circumstances the decision was made to sell. A perfect trading opportunity for someone with all 59 heifers/cows being mouthed (the breakup can be found on the assessment), cows are small to medium frame with majority being only first calf heifers. Majority of calves are weanable with all 59 calves being weighed individually to show an average weight of a 149kg which presents a perfect splitting opportunity for the successful buyer. Please note some of the pictures do not show all the calves as some were boxed in with the cows
