Assessor Comments	Here's an opportunity to purchase a small lot of young cows & calves on their 3rd calf. 6 Cows are PTIC back in calf to Angus bull. 2 cows are PTE. Cows are up to date with health treatments and all calves are marked. Given the right opportunity these cattle will power ahead. Cows average 431kg, calves averaged 87kg at assessment. These cattle are well handled by good stockman with horses, dogs and buggys and are easy to handle in paddock. N.B. one red baldy calf in mob. Odd scar on hide is from heat brand.
