Assessor Comments	A good quality line of 3 year old PTIC Angus cows & calves, in the prime of their lives, with their 2nd calf on the ground & a 3rd on the way. These cows were purchased as yearling heifers from a central tablelands breeder who has been on MILLAH MURRAH blood for over 20 years, & they have calved unassisted for the last 2 drops. These well bred, quiet tempered cows are of medium frame & are presenting in genuine store condition, putting everything into their very even 2nd drop of calves at foot, which are sappy, soft & square. Calves have been NLIS tagged, marked & vaccinated at assessment. A rare opportunity to purchase 3 for 1 units, which are quality young breeders, with a return well on the way through the fleshy calves at foot & another growing inside, due in around 6 months. All calves are sired by the grandson of MILLAH MURRAH KRUZE TIME K400. A great complement to any Angus herd, or a sound opportunity to trade 2 drops of calves without the additional expense of a bull.
