Assessor Comments	15 quality Angus cross heifers PTIC to a low birthweight 'King' Angus bull. These heifers were purchased in early 2023 from the Forbes store sale as weaner heifers. They were bred in the Wanaaring district from large frame Santa and Droughtmaster cows. They have grown into soft mature heifers who are in ideal calving condition. They were joined to specialist heifer bull RHB21S42, from ' King' Angus bull stud for a 10 week joining. These heifers were a pleasure to draft and assess and will make honest reliable mothers. Buy with confidence.
