Assessor Comments	27x29 young NSM Angus cows & calves. These cows are in light condition due to dryer seasonal conditions but are putting everything they have into their young calves at foot. They are mostly 2nd & 3rd calvers with one 1st calving heifer in the mob. The calves are sired by a Merrawarra Angus bull (Rennylea Bloodlines) and are April/May drop. Cows are of moderate frame and borderline docile to handle. Opportunity to acquire young angus females with years of breeding left in them.
