A predominately very quiet line of Cows. The odd Cow got a bit nervous and stirred up slightly in the crush and when under pressure in the drafting pens, but nothing of aggressive nature.

Handled With: Bikes , On foot , Vehicles

Assessor Comments: Presented by Ponderosa Herefords (GL Anthony) 31 PTIC Hereford Cows joined using both AI along with Natural Hereford & Angus Bulls. The Anthony family have been breeding Hereford cattle locally for decades and are known for their overall performance and quiet nature. This line of cows are no exception. Unfortunately due to the loss of a lease these young 2nd & 3rd calvers are being presented for sale. Being in sound condition, this line of Cows will continue to improve in years to come. A recommended purchase for anyone looking to add some quality and quiet natured cows into their herds. Cows like this are not often seen for sale and provide a buying opportunity not to be missed.
