| Vendor Comments    | We are offering this group of joined heifers that were purchased last Autumn as quality weaners with the intent of building numbers in our cattle program. Unfortunately the dry season has forced us to reoffer these young females on the point of calve |            |                 |         |

| Assessor Comments     | A very tidy line of medium frame young females that present in strong forward to prime condition. These females have depth and softness with ample bone and would appear to have the breeding to mature into a quality solid matron in your herd. All pregnancy tested in calf and visually showing signs of carrying a calf with all beginning to soften down. #Note 1 heifer has a blue eye ( not deemed detrimental to her sight ) *The vendor has 5 lots of joined heifers on offer in this catalogue . |      |                 |     |                |     |
