Assessor Comments	Buyers, here is a great line of extremely soft doing young Angus steers that average 233kh. These steers show tremendous softness and thickness. Steers have great spring of rib, with plenty of depth of flank. This line of steers show nice bone and have great breed type. Steers are out of medium to large frame Angus cows by top quality stud sires. Weaners worked very well through yards as they where just pulled of there mothers. Steers are Antibiotic free & Grass only eligible. Note 2 steer show small white underline and 2 steers had old blight scaring but not detrimental. Vendor has other lines in same sale.
