Assessor Comments	Buyers, here is a great line of extremely soft doing replacement Angus heifers that average 258kg. These heifers show tremendous softness, volume and femininity. Heifers have great spring of rib, with plenty of depth of flank. These heifers show nice breed type with good length of body. Heifers are out of medium to large frame fertile Angus cows (preg tested every year with PTE sold) by top quality stud sires. Weaners worked very well through yards as they where just pulled of there mothers. Heifers are Antibiotic free & Grass only eligible. Note 2 heifers had old blight scaring but not detrimental. Vendor has other lines in same sale.
