Assessor Comments Buyers, here is a great line of top quality weaned EU Angus steers that ave 280kg. Steers present in good store condition having very good muscle shape, bone, volume with plenty of capacity. Steers show great depth of flank and softness. These steers are very well bred by Corack top quality Angus cows by well above average Texas and Ascot stud sires all with IMF 6.5 plus. These steers have a very good reputation for performance on grain and grass. All steers are very good to handle both in paddock and through yards. These steers are Grass only eligible and antibiotic free. Note one steer had small dot of old blue eye scaring and odd steer 5 in 1 mark but dissolving. Vendor has other lines in same sale.
