Assessor Comments	A really nice line of predominately Angus x Flat back composite heifer weaners. Ideally suited to grow into domestic feeders or fatten for grass kill. A large % of these heifers would also make quality replacement breeders. 4 with slight brindle in the coat and 1 heifer fully brindle coated. Heifers were yard weaned 5 weeks ago. Very neat around the head and have been very well handled. Please note delivery period, 24th/25th June. Vendor has 74 Steers in todays sale.
