These steers worked very nicely through the yards and are great to handle. There were a couple of steers that got slightly agitated in the crush but they settled quickly afterwards.

| Assessor Comments | A fantastic run of Angus yearling steers that are perfect for either heavy feeder steers or to take them through to kill weights. These steers have thick bone and good frame and should grow out into great steers in the future given the right opportunity. These steers range from 334kg to 473kg and average 370kg full. They are all well-bred having Milwillah and Peake's bloodlines. They were early weaned and are autumn drop calves. They are currently on short green oats and are steaming ahead. These steers are vendor bred, lifetime traceable and grass fed and antibiotic free. |
