Assessor Comments	A very neat, quiet line of Charolais X Feeder Steers averaging 410kgs at assessment. Vendor is making room for Autumn Cows and Calves. Steers with very good frame, stretch and depth of body, with ideal weights to feed on to heavy weight kill cattle. These steers will not disappoint. Buyers please note there is one steer with warts on the face and another 2 with signs of lice. The first 2 vaccinations and the 1st Cydectin in the treatment history health treatments are for the brought in Mount Boo cattle and the others are for the Vendor Bred Cattle.
