Assessor Comments	A great line of breeder heifers to either breed from or to fatten. These heifers have held up well especially after a very dry autumn followed up by the cold setting in since weaning. Bred by selected sires from Hardhat , Bongongo and Milwillah		

Assessor	Angus studs. A couple of heifers a little bit older born out of sink but still fit in. Also a couple show old ring worm marks but healing be a seasonal issue.: "NOTE . Heifers were exposed to bulls as followers on the cows up until weaning". John Crawford (Level 2 Accredited) Phone: 0408 482 865
