Very well handled cattle. A big emphasis is placed on temperament in this herd. Anything that doesn't suit is sold. These cows and calves are very familiar with the yards and human interaction. They were typical of unweaned cattle to handle. Odd heifer was unsettled on scales but settled once back in the mob.

Handled With	Bikes , Dogs , On foot , Vehicles

Assessor Comments	Offering on behalf of Rachel O'Keeffe - herd dispersal consisting of 35 cows and 42 weaners in their respective lots in today's sale. These cattle were residing in SW Vic and trucked to Holbrook for agistment earlier this year. Due to a late start to the season they are being offered for sale. This line represents 7 Speckle Park heifers that are weaned NSM and ready for the sire of your choosing. They were sired by JAD Speckle Park Q223 out of JAD blood dams. They are doing well considering the tough start to the season and will respond immediately to a change in diet. They offer the successful purchaser the opportunity to secure quality Speckle Park genetics. Coordinating deliveries would be appreciated where possible.
