Assessor Comments	An excellent run of weaned EU Angus steers out of the Brown Mountain herd. Steers have been yard weaned and well educated through the weaning process. Brown Mountain Angus have a high focus on IMF, structure and docility. This line of steers represents the complete 2023 drop with a small tail (2 head removed). Steers are EU accredited and Greenhams Never Ever Accredited and present in forward condition, starting to really gain the weight since weaning. Would be suitable to reach feeder, domestic or export weights if given the opportunity. Please note: Vendor also has 16 PTIC heifers in todays Eastern States Sale.
