Assessor Comments	32 weaned Angus steers sired by a Jarabee Angus bull. EU Accredited. These steers have been weaned for 8 weeks and have remained in containment feeding ever since. They weighed in at 292kg at assessment after a shrink and are showing good weight for age given the tough seasonal conditions we have had. These steers in the past have been retained and grown out to heavy bullocks. Buyers please note vendor is offering another lot of 21 heavier steers and 2 lots of heifers in this sale.
