Assessor Comments	40 August/September 2023 drop Angus steers, outstanding line of calves that would usually be retained and finished on grass for kill. Subject to a tough season they are on offer today. A complete drop of Steers that weighed between 300-400kg and average 352 kg full. Bred out of large frame cows and sired by leading Keringa and Bulloak bulls that are purchased from the top of the catalogue, focussed on high growth rates, + fats and IMF. These steers will not disappoint the buyer.
