Assessor Comments	Very good opportunity to secure a nice line of Santa/Droughtmaster Cows PTIC to Angus Bulls. The majority (50 head) Have been PTIC as 'Red Tags' being 4 months plus with the vet noting that many were in the later months of pregnancy. These cows were purchased ex Wanaaring in March 2024. They have considerably freshened up after having weaners pulled off them back then. These cows are best described at medium to large frame with a percentage of approx 15-20% small frame cows.
