Assessor Comments	Good quality, quiet PTIC cows for competition. Cows are very well handled and it showed through the yards. These cows are PTIC to Angus Bulls with 32 being 4 months plus with the vet noting most are in the later months of pregnancy. Best described as majority large frame Angus/Angus Cross cows that will not disappoint. These cows still have weaners on them. Their weaners are in the Weaner & Yearling sale and should be viewed for reference as to what the next round of calves will be. These were purchased ex Quigley Family in central NSW in Feb 2024. Weaners will be removed at delivery and cows should pick up even more on good feed.
