Notable Traits	Traits							
	1 Head	One has a small button scurr						
	2 Head	Slight eye blemish						
Assessor Comments	A lovely line of vendor bred Hereford heifers to join to bull of choice. The vendors have a long history of breeding quality Herefords and are only dispersing these due to a change in direction of their business. They have not been joined for that reason. These are not classed and are the lead of their heifer offering. They were dropped at the start of 2022 and the last of them would have been born early 2023. They weighed 581.9 average after 2 hrs in the yards. These heifers are extremely quiet and would suit most Hereford operations as replacements or to commence your own herd. Please note purchaser has over a week lift on this lot as vendors will be away the week following auction. A quality run of heifers under good management.
