Assessor Comments	Great young F1 cows that no longer suits the owners program. They were purchased to go into an ET/AI program but this is no longer happening with the vendor choosing to go back into steers. The were purchased ex the breeder and are doing an excellent job so far on these calves as well as last years calves. Majority are F1 cows with some showing some more Angus traits than others, calves are very fresh and sappy. There are no bulls on this property so buy with confidence these cows are unjoined and would be very suitable for an ET program. Please note there are 2 other cows that have surrogate Friesian calves on them in this same sale. makes a line of 10.
