Assessor Comments	Great young F1 cows that no longer suits the owners program. They were purchased to go into an ET/AI program but this is no longer happening with the vendor choosing to go back into steers. The were purchased ex the breeder and unfortunatley lost a calf at calving. Have had these fresian calves surrogated onto the cows that has worked very well. There are no bulls on this property so buy with confidence these cows are unjoined and would be very suitable for an ET program. Please note there are 8 other cows in this same sale. makes a line of 10.
