Assessor Comments	A neat run of Rosskin Blood Angus cows and calves ideal for the trade. Cows are doing an excellent job on their 250kgs calves and present as an ideal fatten and split opportunity. Cows and calves were purchased locally and were bought with the intent to split later on but season won't allow. This lot would do well if provided crop for a short turn around trade. Calves could be weaned anytime and a fattening job on the cows during winter. Due to cows being purchased, pregnancy status is unknown. Please note: There are 3 calves with old pink eye scarring and 2 cows. Please see video and photos for full satisfaction.
