Handled With	These cattle are handled and moved regularly. They flow well and are great to work in the yards. Bikes , On foot , Vehicles			
Assessor Comments	These heifers are guaranteed PTIC and will be pregnancy tested again before delivery to give 100% pregnancy status. An outstanding line of well grown younger Angus heifers with years of breeding. Plenty of growing still to do. They will mature and grow into stretchy females typical of the Te Mania type. These heifers move swiftly through the yards and have some grunt about them. Experienced cattle people will find these the ideal feedlot rearing females that need to be treated with respect and understanding. Joined to LBW bulls which are vendor bred bulls from quality genetics. Buy with confidence but treat with caution that these are working high vigour cattle suited to professional farmers and not suited for hobby farmers.
