Assessor Comments	"Herd Dispersal" 28 Vendor bred, 3-8 year old PTIC Angus cows. They are sired by stud Yancowinna Angus bulls and have been PTIC for early September onwards calving to the stud Paringa Angus bulls. These cows have been competing with ewes in steep hill country and would be an ideal addition to the potential purchasers breeding program, with a realistic reserve and are only being sold due to the property being sold. Please note 2 cows have an old pink eye scar that does not effect their vision. The vendor has another 40 cows being offered in the sale from the same property.
