	These steers handled very well up through the yards and while being penned up and drafted. none were aggressive however there were 10 that did not stand still in the pound. they loaded up the race very well and stood quietly while being weighed except for a few and these settled again quickly when returned to the main mob		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses , Vehicles		
Assessor Comments	A really good line of soft Xberd steer showing a strong Simental and Charolais influence. These steers are renown performers and will make excellent feeders or carry on to finish as bullocks. They display plenty of bone and volume and have the genetics to perform. lovely and quiet to handle these are a proper good run of steers. Another 3 decks of their brothers are in this auction also
