Traits

3 Head

Old pink eye scarring in one eye

2 Head Small white markings under cod region not past the sheath.
94 Head Sreers showing signs of old Ring worm

Assessor Comments	An outstanding line of quality bred EU Angus steer weaned calves that come from breeding program of over 40 years in the business. The Raftety family pride them selves in breeding Quality cattle that consistently meet the needs of feedlots and processors, Bred from quality new England Genetics including Wattle Top, Glenavon, Eastern Plains and Glen Morgan angus. Steers are well weaned and present in good to store condition offering a lot compensation weight gain, Weighed too a very tight 36 kg weight bracket of 280 - 316 kg Full. Steers show thickness and length and stand on good bone providing many options, short or a long fed program these steers will accommodate both markets, seasonal conditions means steers must go a lot earlier than usual offering a great chance to by a line of quality bred EU steers that will go forward and preform, Great backgrounding steers that are not to be missed. Please note cattle showing old ring worm signs. 264 head selling over three lots.
