Assessor Comments	17 Angus X Angus weaned heifers, presenting in healthy store condition. Heifers averaged 161kg full at assessment.		

Heifers were purchased out of the local Hunter Region weaner sales. The heifer's temperament was a feature, being very quiet and well handled by the vendor, particularly in the paddock for media purposes. Purchasers, please note: 2 heifers were noted to have healed pink eye scaring & 1 heifer has a white udder. Sale presents an opportunity to purchase low-dollar, lightweight, weaned heifers to retain and background for the Spring.
