Very well broken in. These steers are easily handled, worked through the yards and over the scales with no fuss.

Handled With Bikes , Dogs , Horses , On foot , Vehicles

Assessor Comments A small line of Vendor bred black baldy steers. Bred out of large and very large frame cows (Yavenvale and Curracabark blood) by Pentire Stud Bulls. Sires selected for performance. These steers are heavy boned, long, thick and display great softness. They have had no special treatment and being bred in the Upper Hunter will suit a wide variety of markets from domestic through to heavy export. Very easy to handle and well broken in - use to horses, dogs, vehicles, bikes and people on foot. All treatments are up to date. I am confident that they will suit a small or large operators. Grass Fed and Antibiotic Free.
