Assessor Comments	Buyers, On offer is a small neat line of Angus X Angus PTIC cows and calves that have years of breeding. Cows are bred out of "Kala" Ex stud cows and sired by Airvale G5 sons. Quiet temperament is a trait that is highly selected for at the Kala property and these cattle are no exception. With health treatments up to date these would be an ideal start up mob or addition to a self replacing herd. For further information please call.
