Assessor Comments	A/c Two Creeks Farm of Kergunyah offer 15x15 Angus Cows and Calves. These females were purchased off Stellar Livestock at Mudgegonga who have carried quality Angus genetics for over 90 years. They are predominantly 5 year old cows who are showing the affects of a tough season in the Kiewa Valley and still doing an excellent job on their calves at foot. They have not been re-joined with no bull on the place. Their calves at foot are 4-5 months of age, present in fresh sappy condition and are sired by a Table Top Angus bull. These females have the genetic background behind them, showing plenty of maternal traits and given the right animal health treatments and feed these animals will continue to perform. These quality units are only being offered as the vendor has decided to move away from a breeding operation.
