| Assessor Comments  | A line of large frame composite cows that have been station mated to Charolais And Angus bulls for an early spring calf and present in forward store condition, These cows have plenty of scope to add additional weight and will certainly do that given favourable conditions, Ideal cows to take through spring and split or run on as future breeders.                            |                         |           |                |
| Assessor           | Brad Obst (Level 1 Accredited)                                                                                                                                                                                                                                                                                                                                                        |                         |           |                |
