Notable Traits	Traits 9 Head Long tails		
Assessor Comments	Buyers a small lot of Aussie White/Dorper cross lambs. These lambs handled pretty well but really need a top up. They have only been running on dry grass and would benefit from access to some crop or grain to top them off nicely. Noted approx. 5 lambs with a red tinge in the colouring on the head which must be a genetic throw back. The top end are certainly killable but a tail would need to be drafted out and fed. These are located only about 1km off the main Toowoomba/Goondiwindi (Gore Highway) and would allow southern buyers plenty of backload opportunities.
