	Fair	10%		
Assessor Comments	An attractive line of Aussie White X Aussie white/White dorper mixed sex Store Lambs. The ewe portion if these lambs had been allocated as replacements however due to the persisting dry weather in the New England this line of lambs must be moved on. They present well with plenty of weight in a good tight grouping. Some of these lambs show some dags. Please see media. These lambs would suit someone looking to finish the wether portion and retain the females. Please note some lambs are showing signs of lameness due to wet weather. They will be run through the foot bath prior to delivery. Anything that is very lame will be left behind. 30% tail has been removed from the mob.
