Vendor Comments	Regretful sale of Merino wether weaners. Only being sold due to moving interstate. Were to be kept as wool growers for many years. Also have 170 Merino wether weaners in todays sale (different shearing)

Assessor Comments	A neat run of good quality Merino wether lambs. Lambs are March shorn and have a nice little skin back on them. Lambs cut 2.5-3kgs of 17 micron wool and are expected to grow out to cut 18.5 micron wool. Bred to fill bales of quality wool. Bindaree and Bogo Merino bloodlines. Lambs have all been mulesed and are OJD vaccinated. These lambs would be a welcome addition to any wool growing enterprise or to fatten, shear and trade. Lambs are in forward store condition , and would benefit from crop or grain. Only being sold due to vendors moving to WA. Please note: Agent can arrange freight to Riverina with weekly market trucks to Wagga.
