Assessor Comments	A very good quality line of vendor bred White Dorper ewes (see age break up). Weighted 40 to 70 kgs to avg 58 kgs after a 1-hour curfew. Ewes are healthy and fresh in the coat after grazing in a salt bush paddock. Mostly all white dorper ewes except 16 head are Doppers, all were depastured with (Black Head) Dorper Rams. They are surplus to requirements and have had an obvious tail removed. A sample of the 7 yo ewes were mouthed, they have worn mouths, but their teeth were sound. Mostly all have had their tails docked, an odd one hasn't. An ideal line for someone wanting quality White Doper ewes close to lambing.
