Assessor Comments	On offer is 92 SIL Maiden 1st X ewes on account of the Nealon Family. These ewes are very well bred out of large framed Yarong blood merino ewes by quality Weddin Border Leicester rams and have been joined to Poll Dorset rams. These ewes have grown out extremely well and would be a fantastic addition to any prime lamb breeding operation. Here presents the perfect article to take on with these ewes being shorn and in terrific lambing condition. Due to commence lambing the first week of August for 7 weeks. Please note these ewes were too advanced in their pregnancy for twinning at scanning and need to be picked up in the delivery period; no exceptions.
