Assessor Comments	Here is a good opportunity to secure a line of White Suffolk x Merino first cross ewes, mostly rising 3 & 4 years of age. Ewes are SIL at 160% to Kurraview White Suffolk rams, to lamb from August for 8 weeks. Ewes show very good frame and have bred quality 2nd cross lambs for the vendor. They are only being offered for sale due to a change in the vendor's sheep operation, they are no longer required. Approx. 20 of the orange tag ewes were mouthed, all were sound although some did have longer teeth. Great opportunity to purchase a line of ewes ideal to put on crop and lamb down, with a very good percentage of lambs on board. Please note stage of pregnancy of ewes, would recommend prompt pick-up and not transporting them very long distances.
