Typical of fresh weaners. Some steers would want to rush through gateways etc. But will settle down fine with a week of handling.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	A great 3 deck line of Droughtmaster steers. Well bred steers that are ideal to take through to heavy feeders or bullocks off grass or grain. Weaning started on the 23rd for a week, and are quite settled for fresh weaners. No milk fat on the calves with missing out on the easter rain, will power ahead on fresh feed. # Grasslands Accredited and eligible for various grass programs.
