The bulk of the steers were generally easy to handle, they flowed through the yards easily when drafting and processing. They have been constantly fed and are used to tractors, bikes, cars etc. However there was 2 steers that did rush slightly in the race, and also moved about when on the scales (slightly stirry). Once back with the balance of the steers the steers were quite calm.

Handled With Bikes , On foot , Vehicles

Assessor Comments A/C: Bruce Lynch offers a draft of well bred Angus steers. Vendor bred, weaned and grass assured. Out of medium frame Angus cows by Rennylea Angus bulls. Spring 2023 drop calves that present in genuine store condition. Plenty of health treatments, steers with plenty of opportunity for compensatory weight gain.
